If you have long distance+high value max and you want 100k+ jobs, this dlc is worth it. awesome realistic fab dlcs are epic. Brings a Swedish tear to my eye.

10/10

Should delete Denmark though. Would make it better.. On Norwegian toll gate outside Kristiansand, at least one of the overhead signs says "Mynt/Coin". However, Danish "Mynt" is written "Mynt" in Norwegian Bokmål/Nynorsk. This sign of Danish colonial imperialism must be removed from the roads of my Norwegian homeland!. Double trailers, unique garages, new companies. Worth the purchase.
